

CALL FOR PHD STUDENTS

CZECH UNIVERSITY OF LIFE SCIENCES PRAGUE (CULS) FACULTY OF FORESTRY AND WOOD SCIENCES (FFWS)

announces a call for enrollment of PhD students
for 2019-2023 academic years

We are looking for prospective PhD students to become a part of the excellent international research team dealing with forest protection under the changing climate conditions – EXTEMIT-K*.

If you are highly motivated, hard-working and searching for great career opportunities for a better future, we are looking for you!

Being a PhD student at FFWS CULS Prague will allow to:

- start your career in a highly professional international environment;
- learn from knowledge and expertise of top-rated scientists from around the world;
- gain experience in managing and implementing your own scientific projects;
- conduct research using FFWS and EXTEMIT-K cutting edge technologies, laboratories and field equipment;
- get multiple and perspective career opportunities in future;
- be a part of the excellent international EXTEMIT-K scientific team;
- get international travel experience attending conferences;
- live abroad (other than Czech Republic countries) during your international internship;
- attend lectures of visiting top scientists from around the world;
- be a part of international scientific community, to communicate in person and build relations with colleagues from foreign countries;
- get a competitive scholarship of 800-900 euro;
- live in a beautiful environment in Prague, one of the most ancient and marvelous cities of Europe;
- get support in receiving a long-term study visa;
- use all CULS and FFWS modern campus facilities and discounts.

Who can apply (requirements):

- Ing. or Master's degree, preferably in forestry and wood sciences (other related fields are also considered);
- study excellence;
- strong command of oral and written English;
- experience in academic research and article writing would be a plus;
- wiliness to conduct top-quality scientific research in the field of spruce – bark beetle interactions.

Application documents: CV, list of publications (if available), motivational letter

Application deadline: **07.06.2019** (can be extended on an individual basis)
